Youth committees being part of the municipalities' response teams

WVL assessing municipality needs and equipping them

WVL supporting

Churches, Informal Groups & Faith-based Organizations

Community Based Organization

At the city level, World Vision helps local municipalities by providing technical assistance such as supporting the creation of isolation centers that can be accessed by the urban poor in need of isolation and ensuring these are implemented in accordance with official guidelines of the Ministry of Public Health.

Read case studies from World Vision's response to COVID-19 in cities in nine countries

COVID- 19 as a chance to bridge digital gaps

01 **Equipping schools**

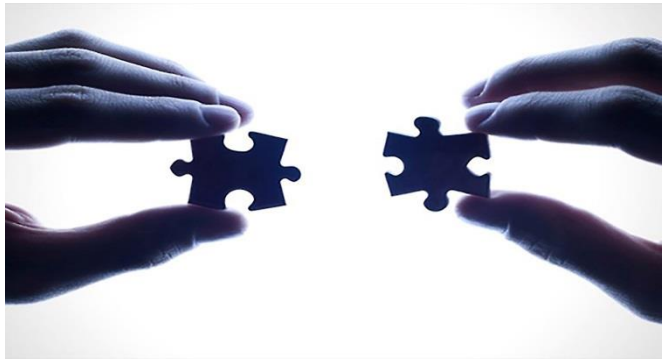

WVL started an online Facebook page to promote positive parenting and connect specialists with the parents

02 **Launching a hygiene promotion campaign**

03 **Providing educational kits**

WVL prepared a series of educational animation videos to improve teachers' capacity to deliver virtual classes

04 **Developing a series educational animation videos**

Within urban hotspots, identify families and individuals that are at highest risk

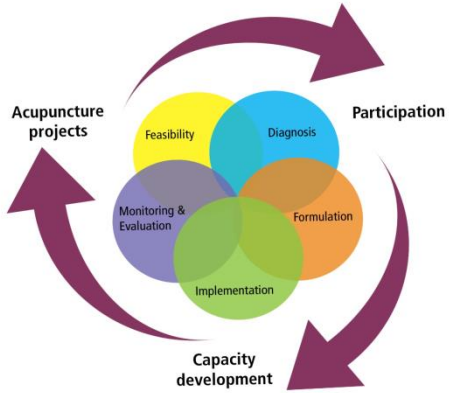

Technology

Urban Policy

Enablers of change

Urban Planning and Design

Partnerships

Ensure urban hotspots and high-risk families and individual have access to essential preventative measures
