Guiding questions for Communication and Iteration

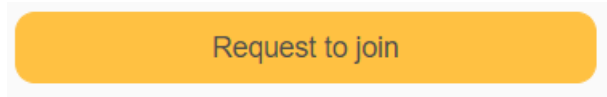

Guiding questions

- Which channels and systems for communicating risk, do you have within your municipality?
- How do you ensure that information flows to all parts of society?
    - How do we address issues of “duty of care” in society?
- Which stakeholders are involved in the communication of risk?
- What gaps are present in the communication between the municipality and all the stakeholders?
- What measures can be taken to eliminate the gaps or enhance transparency in the communication of risks?

Thank you very much for your attention!
